We are working in Hospitals, Institutions, Residential Colonies, Office Buildings using Electricity on Large Scale, Schools, Colleges, Universities, Government Offices, Giant Industries, Film Makers, Hotels, Restaurants, Cinema Halls, Terrace House Etc. Alam Enterprise is 100% Indian owned and has years of experience in developing solar solutions various projects. We have the capability to manage any kind of system and installation.

OUR MISSION

Our mission is to ensure that solar energy becomes an affordable source, and we provide the most robust solution to our clients.

OUR GOAL

Our aim is to build forge robust and valued relationships with our customers and provide the same level of dedication and customization to all our projects.

We will provide our best as we can to satisfy our client with sophisticated installation.

WHAT WE DO

We provide best solution to our customer with cheap and best cost. We plan and execute the work accordingly.

We create customized solutions to meet and exceed the needs of the customer – both in terms of budget and future requirements. Our recommendations are robust since they are based on years of experience and an in-depth understanding of this market and the best products available. Our experts will guide you through every step such that you make a decision to buy, only if the system will serve your needs and would be within your budget.

WE PROVIDE

FREE HOME ASSESSMENT

Our dedicated team will visit your place and give you basic guidance and assess your home to give best possible customized solution as per your need.

COMMERCIAL SOLUTIONS

We also offer solar energy solutions for commercial purpose to all types of industry, small business to large company.

RESIDENTIAL SOLUTIONS

We provide all types of solar panel solutions for your home such as on grid, off grid and hybrid rooftop solutions. We also offer solar energy solutions for commercial purpose to all types of industry, small business to large company.

OUR SERVICES

ROOFTOP SOLAR SOLUTIONS

A rooftop solar system is an excellent power generating system. With our high skill and state-of-the-art technology, we offer cost-effective rooftop solutions. you can transform your rooftop into a solar power plant which is an excellent source of solar energy, for both commercial and residential consumers.

BENEFITS

Efficiency with Trust Self-sufficient source of energy. Uninterrupted power supply with rare down-time. No bills from your utility grid & power companies. Independent of non-renewable energy.

OUR SERVICES

GROUND MOUNTED SOLAR

Alam Enterprise provides ground mounted solar solutions designed and engineered based on the client's site-specific conditions. With diligent project planning and accurate execution, our solutions are tailored based on the uniqueness of your requirement.

We provide a wide range of ground-mounted solar solutions offering freedom and flexibility to support PV modules of various types.

BENEFITS

- ❑ Best value with economy of scale and cheaper installation, material and labor.
- ❑ Streamlined pre-reassembled installation ensuring best in class strength & durability
- ❑ Sustainability by embracing social responsibility towards renewable energy targets

OUR SERVICES

EPC SERVICES

Our customer centric engagement model with technical expertise offers the best in class customized end-to-end solar solutions.

By minimizing grid consumption, each individual can reduce their carbon dependence. We offer the best quality Solar PV installations to our customers and our systems will be installed by certified installers. Book a free solar site analysis today. Our experts will visit you to evaluate your available space and budget and walk you through the installation process, available incentives and how net-metering.

BENEFITS

- ☐ Solar PV Modules have no moving parts and so require no maintenance.
- ☐ Modules are available in varied dimensions enabling space saving installations with maximum output from a minimum required area.
- ☐ The continuous falling prices of solar cells and components and benefits & incentives provided by state and central governments make it an attractive investment and an affordable choice for residences and business owners.

OUR SERVICES

SOLAR STREET LIGHT

Alam Enterprise provides solar street light which are powered by solar panels generally mounted or integrated into the pole itself. The solar panels charge a rechargeable battery, which powers a fluorescent or LED lamp during the night.

OUR SERVICES

OPERATIONS & MAINTENANCE SERVICE

Alam Enterprise offers a wide range of services based on your plant's sourcing strategy, infrastructure and degree of expertise in the solar energy spectrum. Our team of experts operate and maintain solar power systems by providing time-to-time report on solar power generation. We also possess expertise in project commissioning along with devising mechanisms to retrieve and manage solar power generation data to enhance our OPERATIONS & MAINTENANCE services.

BENEFITS

- ☐ Real-time plant monitoring & control. Forecasting and scheduling.
- ☐ End-to-end power plant maintenance.
- ☐ Preventive and corrective maintenance.
- ☐ Manpower Deployment and maintenance schedule.
- ☐ Scheduled night-time maintenance for lowest production

OUR SERVICES

Net meter installation

Alam Enterprise provides you with a solar metering energy system that uses the electrical grid to store the excess electricity produced by domestic or commercial solar panels.

To use this system, people need to have proper solar metering energy set up consisting of a solar panel, solar inverter, bidirectional meter, and an electricity connection.

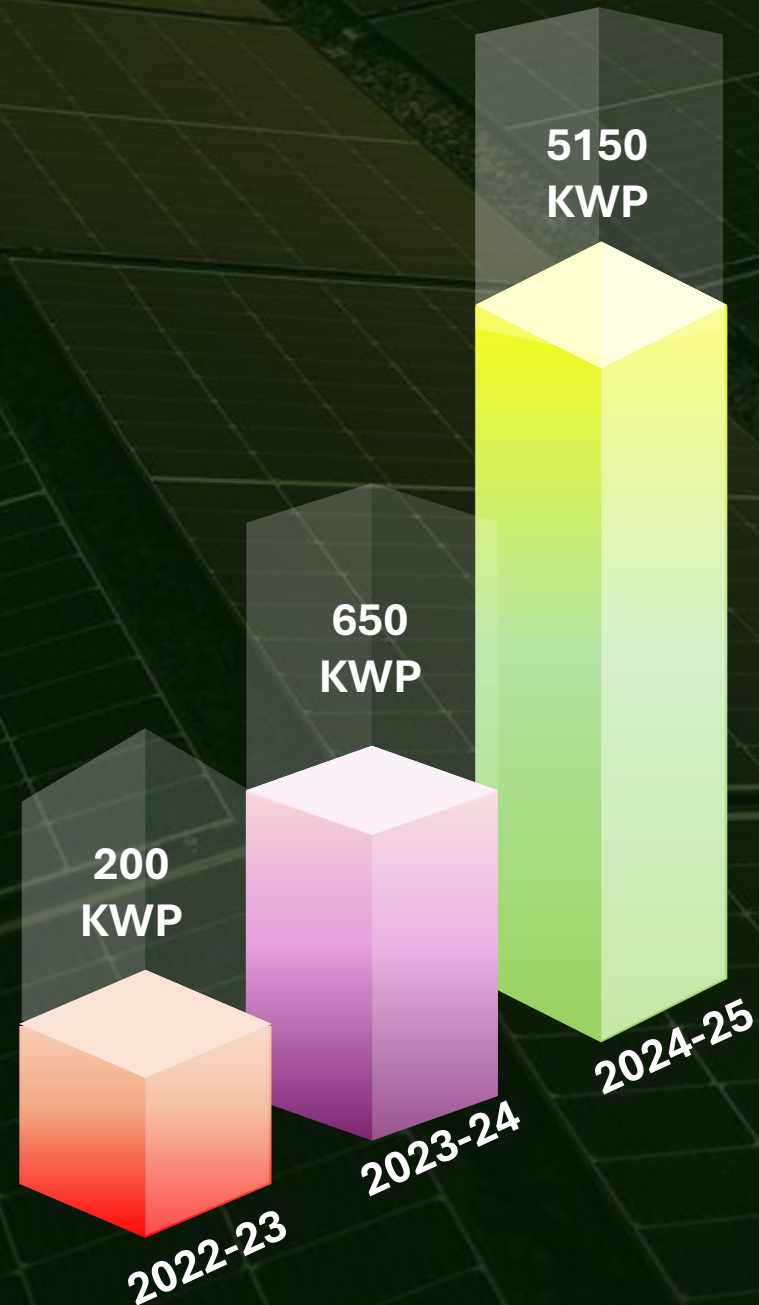

BENEFITS

Since there is an absence of a battery for power storage, an electricity connection is essential to transfer the unused energy to the grid. Therefore, this system is an economical option for people while limiting environmental pollution.

COMPANY PRODUCTION

MANAGEMENT

MR. SAAD ALAM

Company Owner

“ Mr. Saad Alam has been associated with solar panel industry for over 4 years. He is a dynamic and dedicated personality. He believes in providing best service to customers and make them happy.
