

Corporate Overview

Payments Modernization.
Together, Transforming Lives.

From Vision to Victory: RS Software wins NASSCOM SME Inspire Awards Tech Excellence in Financial Services | 2026

Recognizing three decades of deep domain expertise

- ❖ Driving **innovation**, **scale**, & **trust** in the global payment ecosystem
- ❖ High standards of **reliability**, **performance**, & **security** for National & Global scale platforms
- ❖ Instrumental in **building** & **scaling** India's **mission-critical** digital payment infrastructure (*foundational real-time payment rail – UPI, bill payment ecosystems, fraud & risk management*)

Commitment | Culture | Trust

THE FUTURE OF PAYMENTS IS

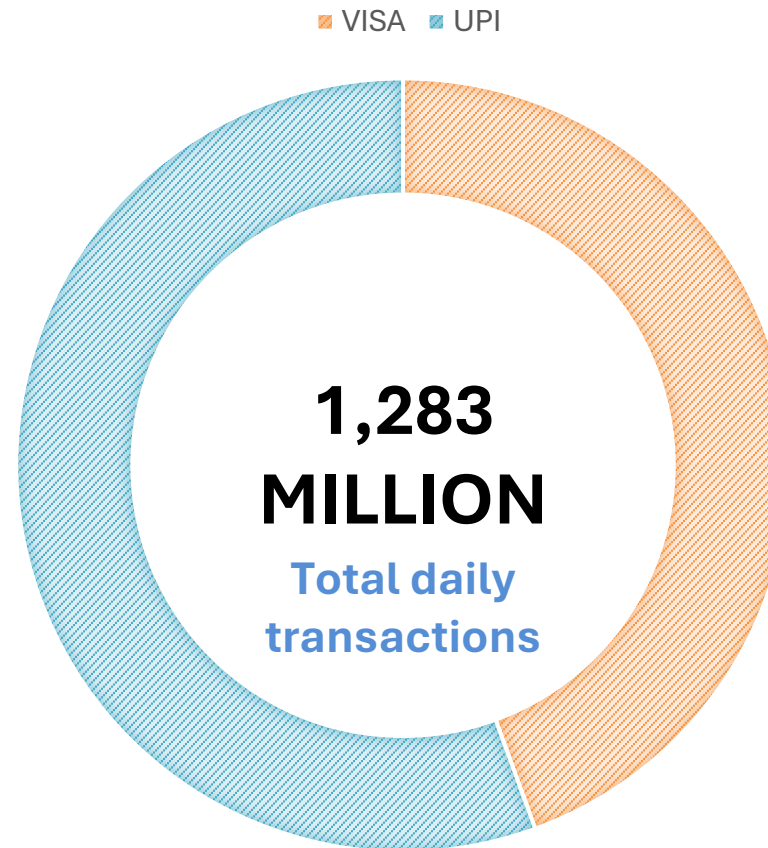

Composable

Transforming the lives of billions & businesses globally

RS Software has **built India's UPI** – now the **largest real-time payment rail** in the world and **worked with Visa** for over two decades – building its **largest card-based payment rail**.

UPI
644 MILLION
daily transaction

UPI surpassed Visa daily transaction volumes, June 2025

VISA
639 MILLION
daily transaction

Global card network · 639M daily volume
